 - Left (19103, 77031, 76098, 19295)
 - Right (19103, 77031, 76098, 19295)
- MRI Guided Breast Biopsy - With Clip
 - Bilateral (19103, 77021(x2), G0204 and 19295)
 - Left (19103, 77021, G0206, 19295)
 - Right (19103, 77021, G0206, 19295)
- MRI Guided Breast Biopsy - Without Clip
 - Bilateral (19103, 77021(x2), G0204)
 - Left (19103, 77021(x2), G0206)
 - Right (19103, 77021(x2), G0206)
- Ultrasound Guided Breast Biopsy - With Clip
 - Bilateral (19103, 76942(x2), G0204 and 19295)
 - Left (19103, 76942, G0206, 19295)
 - Right (19103, 76942, G0206, 19295)
- Ultrasound Guided Breast Biopsy - Without Clip
 - Bilateral (19103, 76942(x2) and G0204)
 - Left (19103, 76942 and G0206)
 - Right (19103, 76942 and G0206)
- Breast Cyst Fine Needle Aspiration
 - Bilateral (76942(x2) and 10022)
 - Left (10022, 76942)
 - Right (10022, 76942)

Mammography / Ultrasound

Our standard protocol uses CAD as an additional diagnostic tool

- Digital Screening Mammography (G0202/77052)
- Digital Diagnostic Mammography (G0204/77051)
 - DO NOT USE CAD**
- Breast Ultrasound (76645)
 - Left (76645) Right (76645) Bilateral (76645)
- DEXA (77080)

MRI

- MRI Breast (High Field)
 - Left (77058) Right (77058) Bilateral (77059)

Surgery

- Surgery / Oncology

Other

- _____

PREPARATION FOR EXAMINATION

DEXA: No calcium supplements 24 hours prior to exam.

TOTAL BREAST CARE CONSULTATION: You may want to bring someone with you on the day of the consultation. Dress comfortably, preferably a two piece outfit, since you will be asked to undress above the waist. Bring any x-rays and pathology reports with you. Report to Doshi Diagnostic 30 minutes prior to your consultation.

MAMMOGRAM: Do not use powder, deodorant or perfume on the underarms or breast area on the day of the exam. Bring previous mammogram films.

STEREOTACTIC BREAST BIOPSY: You may want to bring someone with you on the day of the procedure. Dress comfortably, preferably a two-piece outfit, since you will be asked to undress above the waist. Your skin should be clean. Do not use any skin preparation - deodorants, or talcum powder, which can obscure mammographic images. Stop aspirin, ibuprofen, herbal supplements and multi-vitamins 5 days prior to the examination. If you are on any blood thinners, you must let us know immediately. You must also contact your physician immediately for more specific instructions. The morning of the examination you may eat a light breakfast. Report to Doshi Diagnostic 30 minutes prior to your scheduled examination.

ULTRASOUND GUIDED BREAST BIOPSY: You may want to bring someone with you on the day of the procedure. Dress comfortably, preferably a two-piece outfit, since you will be asked to undress above the waist. Your skin should be clean. Do not use any skin preparation - deodorants, or talcum powder, which can obscure mammographic images. Stop aspirin, ibuprofen, herbal supplements and multi-vitamins 5 days prior to the examination. If you are on any blood thinners, you must let us know immediately. You must also contact your physician immediately for more specific instructions. The morning of the examination you may eat a light breakfast. Report to Doshi Diagnostic 30 minutes prior to your scheduled examination.

MRI GUIDED BREAST BIOPSY: You may want to bring someone with you on the day of the procedure. Dress comfortably, preferably a two-piece outfit, since you will be asked to undress above the waist. Your skin should be clean. Do not use any skin preparation - deodorants, or talcum powder, which can obscure mammographic images. Stop aspirin, ibuprofen, herbal supplements and multi-vitamins 5 days prior to the examination. If you are on any blood thinners, you must let us know immediately. You must also contact your physician immediately for more specific instructions. The morning of the examination you may eat a light breakfast. Report to Doshi Diagnostic 30 minutes prior to your scheduled examination.
